PROFILE

Results-oriented IT professional with proven expertise in Microsoft Power Platform, low-code/no-code solutions, and workflow automation. Experienced in leading the end-to-end development of enterprise applications that drive digital transformation across multiple companies. Skilled in Power Apps, Power Automate, SQL integration, and agile project management. Passionate about building scalable systems that enhance efficiency and user experience.

PROFESSIONAL EXPERIENCE

Senior Executive – Software Development & Quality Assurance
Printcare PLC | Kelaniya, Sri Lanka | Jul 2023 – Present

- Led the migration of over 25 legacy modules to modern workflow systems using Power Apps and Power Automate, improving operational efficiency by 45%.
- Conducted requirement analysis, SRS creation, and full-cycle development of business-critical applications, including Intranet, Bidding Portal, and Production Workflow.
- Managed scrum meetings and project teams to ensure the timely delivery of software solutions across 10 subsidiaries.
- Provided training to over 200 users to ensure seamless adoption of new systems.
- Integrated MSSQL with PowerApps, enhancing performance and scalability over existing SharePoint solutions.
- Streamlined quality assurance processes by implementing structured testing across unit, integration, and UAT phases.

Intern – Recovery Department
Commercial Bank of Ceylon PLC, Colombo | Sep 2018 – Jan 2019

- Assisted in client communications to manage recovery processes and outstanding debt.
- Gained valuable communication and administrative experience in a financial setting.
